

## SAFETY DATA SHEET

### Swarfega Plus

According to Australia CoP Preparation of Safety Data Sheets for Hazardous Chemicals, July 2020 and New Zealand HSNO CoP 8-1

#### SECTION 1: Identification: Product identifier and chemical identity

##### Product identifier

Product name Swarfega Plus  
Product No. 0475, 0490, 0500

##### Relevant identified uses of the substance or mixture and uses advised against

Application Hand cleaner.

##### Details of the supplier of the safety data sheet

Supplier SC Johnson Professional Pty Ltd  
160 Epping Rd, Lane Cove  
NSW 2066  
Australia  
T: 1800 090 330  
[sales.proAU@scj.com](mailto:sales.proAU@scj.com)

New Zealand SC Johnson Professional NZ Limited  
PO Box 97740, Manukau  
Auckland 2241 NZ  
T: 0800 332 695

##### Emergency telephone number

Emergency telephone NSW Poisons Information Centre Contact 131126 New Zealand call 0800 764 766

#### SECTION 2: Hazard(s) identification

##### Classification of the substance or mixture

Physical hazards Not Classified  
Health hazards Eye Dam. 1 - H318

HSNO Category: 8.3A

##### Label elements

Signal word DANGER  
Hazard statements H318 Causes serious eye damage.

## Swarfega Plus

|                                |   |
|--------------------------------|---|
| Precautionary statements       | P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P501 Dispose of contents/ container in accordance with national regulations.<br>P312 Call a POISON CENTER or doctor/ physician if you feel unwell. |
| Supplemental label information | Eye protection not required normally but wear eye protection if you are conducting an operation where there is a risk of this product getting in the eyes.  |
| Contains                       | ALCOHOLS, C12-14 ETHOXYLATED  |

### SECTION 3: Composition and information on ingredients

#### Mixtures

|  |       |
|--|-------|
| ALCOHOLS, C12-14 ETHOXYLATED   | 1-10% |
| CAS number: 68439-50-9   |       |
| Classification<br>Acute Tox. 4 - H302<br>Skin Irrit. 2 - H315<br>Eye Dam. 1 - H318   |       |
| d-LIMONENE   | <1%   |

The full text for all hazard statements is displayed in Section 16.

## Swarfega Plus

INCI Aqua, Ethoxylated Alcohol, Propylene Glycol, Corn (Zea Mays) Meal, PEG-75 Lanolin, Fragrance, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Potassium Hydroxide, Tetrasodium Iminodisuccinate, 2-Bromo-2-Nitropropane-1,3-Diol, Methylchloroisothiazolinone, Methylisothiazolinone, Magnesium Nitrate, Magnesium Chloride, CI 19140.

### SECTION 4: First aid measures

#### Description of first aid measures

|              |  |
|--------------|--|
| Inhalation   | Not relevant. Unlikely route of exposure as the product does not contain volatile substances.  |
| Ingestion    | Rinse mouth thoroughly with water. Get medical attention if any discomfort continues.  |
| Skin Contact | Not relevant.  |
| Eye contact  | Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Continue to rinse for at least 15 minutes. Get medical attention promptly if symptoms occur after washing. |

#### Most important symptoms and effects, both acute and delayed

|              |                                     |
|--------------|-------------------------------------|
| Inhalation   | No specific symptoms known.         |
| Ingestion    | No specific symptoms known.         |
| Skin contact | None.                               |
| Eye contact  | May cause temporary eye irritation. |

#### Indication of any immediate medical attention and special treatment needed

|                      |                              |
|----------------------|------------------------------|
| Notes for the doctor | No specific recommendations. |
|----------------------|------------------------------|

### SECTION 5: Firefighting measures

#### Extinguishing media

Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.

#### Special hazards arising from the substance or mixture

|                               |  |
|-------------------------------|--|
| Hazardous combustion products | No known hazardous decomposition products. |
|-------------------------------|--|

#### Advice for firefighters

|  |   |
|--|---|
| Protective actions during firefighting | No specific firefighting precautions known. |
|--|---|

### SECTION 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

|                      |                          |
|----------------------|--------------------------|
| Personal precautions | Avoid contact with eyes. |
|----------------------|--------------------------|

#### Environmental precautions

|                           |   |
|---------------------------|---|
| Environmental precautions | Not considered to be a significant hazard due to the small quantities used. |
|---------------------------|---|

#### Methods and material for containment and cleaning up

|                         |  |
|-------------------------|--|
| Methods for cleaning up | Flush away spillage with plenty of water. Avoid contamination of ponds or watercourses with washing down water. Absorb spillage with non-combustible, absorbent material. Do not discharge into drains or watercourses or onto the ground. |
|-------------------------|--|

#### Reference to other sections

|                             |                                     |
|-----------------------------|-------------------------------------|
| Reference to other sections | For waste disposal, see Section 13. |
|-----------------------------|-------------------------------------|

## Swarfega Plus

### SECTION 7: Handling and storage, including how the chemical may be safely used

#### Precautions for safe handling

Usage precautions                      Avoid contact with eyes.

#### Conditions for safe storage, including any incompatibilities

Storage precautions                      Store in closed original container at temperatures between 0°C and 40°C.

#### Specific end use(s)

Specific end use(s)                      The identified uses for this product are detailed in Section 1.

### SECTION 8: Exposure controls and personal protection

#### Control parameters

#### Occupational exposure limits

#### POTASSIUM HYDROXIDE

Long-term exposure limit (8-hour TWA): NOHSC

Short-term exposure limit (15-minute): NOHSC 2 mg/m<sup>3</sup>

NOHSC = The National Occupational Health and Safety Commission.

Ingredient comments                      EU = Indicative Values according to Commission Directive 91/322/EEC.

#### Exposure controls

Appropriate engineering controls                      Not relevant.

Eye/face protection                      Not required normally but wear eye protection if you are conducting an operation where there is a risk of this product getting in the eyes.

Hand protection                      Not relevant.

Respiratory protection                      No specific recommendations.

### SECTION 9: Physical and chemical properties

#### Information on basic physical and chemical properties

Appearance                      Viscous liquid.

Colour                      Yellow.

Odour                      Perfume. Lemon.

pH                      pH (concentrated solution): 5.55-6.5

Relative density                      0.9-1.0 @ 20 Deg C°C

Other information                      None.

### SECTION 10: Stability and reactivity

Reactivity                      There are no known reactivity hazards associated with this product.

Stability                      Stable at normal ambient temperatures.

Possibility of hazardous reactions                      None known.

Conditions to avoid                      There are no known conditions that are likely to result in a hazardous situation.

## Swarfega Plus

|                                  |  |
|----------------------------------|--|
| Materials to avoid               | No specific material or group of materials is likely to react with the product to produce a hazardous situation. |
| Hazardous decomposition products | Does not decompose when used and stored as recommended.  |

### SECTION 11: Toxicological information

#### Information on toxicological effects

|                              |   |
|------------------------------|---|
| Respiratory Sensitisation    | It is unlikely that inhalation will be a route of exposure. |
| Eye Irritation/Damage        | Neat product: may irritate the eye.                         |
| Skin Sensitisation           | Not sensitising.  |
| <u>Acute toxicity - oral</u> |   |
| ATE oral (mg/kg)             | 17,006.1  |
| <br>                         |   |
| Inhalation                   | No specific health hazards known.                           |
| Ingestion                    | May cause discomfort if swallowed.                          |
| Skin Contact                 | Skin irritation should not occur when used as recommended.  |
| Eye contact                  | May cause temporary eye irritation.                         |

### SECTION 12: Ecological information

|                                      |  |
|--------------------------------------|--|
| Ecotoxicity                          | Not regarded as dangerous for the environment. |
| <u>Persistence and degradability</u> |  |
| Persistence and degradability        | The product is biodegradable.                  |
| <u>Bioaccumulative potential</u>     |  |
| Bioaccumulative Potential            | No data available on bioaccumulation.          |
| <u>Mobility in soil</u>              |  |
| Mobility                             | The product is soluble in water.               |
| <u>Other adverse effects</u>         |  |
| Other adverse effects                | None known.                                    |

### SECTION 13: Disposal considerations

#### Waste treatment methods

|                     |   |
|---------------------|---|
| General information | When handling waste, the safety precautions applying to handling of the product should be considered.                       |
| Disposal methods    | Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. |

### SECTION 14: Transport information

|                  |  |
|------------------|--|
| General          | The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADG). |
| <u>UN number</u> |  |
| Not applicable.  |  |

## Swarfega Plus

### UN proper shipping name

Not applicable.

### Transport hazard class(es)

No transport warning sign required.

### Packing group

Not applicable.

### Environmental hazards

Environmentally hazardous substance/marine pollutant  
No.

### Special precautions for user

Not applicable.

Transport in bulk according to Annex II of MARPOL 73/78  
and the IBC Code Not applicable.

## SECTION 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

|                   |  |
|-------------------|--|
| Guidance          | Country/Region Inventory Status<br>Australia AICIS |
| Group Standard    | Cosmetic Products Group Standard 2020              |
| HSNO Approval No: | HSR002552  |

## SECTION 16: Any other relevant information

|                                     |   |
|-------------------------------------|---|
| Revision comments                   | Minor update of information   |
| Revision date                       | 02/02/2024  |
| Revision                            | 3   |
| Supersedes date                     | 09/01/2019  |
| SDS No.                             | 21271   |
| Hazard statements in full           | H226 Flammable liquid and vapour.<br>H290 May be corrosive to metals.<br>H302 Harmful if swallowed.<br>H312 Harmful in contact with skin.<br>H314 Causes severe skin burns and eye damage.<br>H315 Causes skin irritation.<br>H317 May cause an allergic skin reaction.<br>H318 Causes serious eye damage.<br>H319 Causes serious eye irritation.<br>H335 May cause respiratory irritation. |
| Notes for Hazard Statements in Full | The full text for Hazard Statements in section 16 relates to the reference numbers in sections 2 and 3 and not necessarily the finished product classification.   |
