

Non-stop protection from every start

MAGNATEC 5W-30 A

(PLEASE REFER TO TRANSITION TABLE)

Up to 75% of engine wear happens while your engine warms up. When the engine stops, oils drain off critical engine parts, however Castrol MAGNATEC's Intelligent Molecules don't. They cling to the engine like a magnet providing an extra layer of protection. Castrol MAGNATEC's formulation protects from the moment you start, dramatically reducing engine wear*.

Castrol Magnatec 5W-30 A is suitable for use in automotive petrol and hybrid vehicles where the manufacturer recommends an API SP, ILSAC GF-6 5W-30 lubricant. Castrol MAGNATEC 5W-30 is also proven to deliver against Castrol's HYSPEC standard.

In doing so it is proven to demonstrate at least 25% benefit[^] across the three critical hybrid areas of contaminants, engine intermittency and system efficiency.

Castrol MAGNATEC. Non-stop protection from every start.

* Tested using an industry standard wear test, measured versus relevant industry limit.

[^] Compared to performance minimum requirements set in both industry specification and Castrol bespoke testing across tests applicable to hybrid vehicle types, covering contaminants, engine intermittency and system efficiency.

FEATURES & BENEFITS

- Clings to engine parts when the oil drains down
- Forms an extra layer that protects your engine during start up and beyond
- Bonds to metal surfaces to make engine parts more resistant to wear
- Provides increased protection in high and low temperature applications
- Provides continuous protection for all driving conditions, styles and temperatures.

SPECIFICATION/APPROVALS

- API SP
- ACEA A3/B4

Pack Size	5L	10L
Item Code	3437037	3437038
Barcode	9310084035845	9310084035852
