

Non-stop protection from every start

MAGNATEC 5W-30

(PLEASE REFER TO TRANSITION TABLE)

Castrol MAGNATEC engine oils are specifically engineered for today's urban driving environment and designed to protect engines against the wear caused by re-starting in busy traffic.

Castrol MAGNATEC clings like a magnet and locks to protect vulnerable metal surfaces and moving parts in your engine during warm-up, delivering superior protection from engine wear¹.

Castrol MAGNATEC 5W-30 is suitable for use in automotive petrol and hybrid vehicles where the manufacturer recommends an API SP, ILSAC GF-6 5W-30 lubricant.

Castrol MAGNATEC 5W-30 is also proven to deliver against Castrol's HYSPEC standard. In doing so it is proven to demonstrate at least 25% benefit[^] across the three critical hybrid areas of contaminants, engine intermittency and system efficiency.

Castrol MAGNATEC. Non-stop protection from every start.

¹ Tested using an industry standard wear test, measured versus relevant industry limit.

[^] Compared to performance minimum requirements set in both industry specification and Castrol bespoke testing across tests applicable to hybrid vehicle types, covering contaminants, engine intermittency and system efficiency.

FEATURES & BENEFITS

- Clings to engine parts when the oil drains down
- Forms an extra layer that protects your engine during start up and beyond
- Bonds to metal surfaces to make engine parts more resistant to wear
- Provides increased protection in high and low temperature applications
- Provides continuous protection for all driving conditions, styles and temperatures.

SPECIFICATION/APPROVALS

- API SP
- ILSAC GF-6

Pack Size	5L	20L	205L	Bulk
