

NU-BLUE Diesel Exhaust Fluid (NUBLUE)

Nulon NU-BLUE is a licensed AdBlue® diesel exhaust fluid made up of 32.5% urea and 67.5% deionised water designed to reduce nitrogen oxides (NOx) emissions in diesel engines fitted with selective catalytic reduction (SCR) technology.

Benefits

- Reduces harmful NOx emissions
- Meets Euro IV, V and VI standards
- Odourless and non-toxic formulation

Directions for use

DIRECTIONS: Pour NU-BLUE contents directly into your vehicle's diesel exhaust fluid (DEF) reservoir. DO NOT ADD TO FUEL

STORAGE: NU-BLUE can be stored for up to 18 months when stored as per the manufacturer guidelines.

- Do not store in direct sunlight
- Store between -5°C and 25°C

Safety / First Aid

SAFETY DIRECTIONS: Harmful if swallowed. DO NOT SWALLOW. Keep out of reach of children. Not to be used as a food container. If spilt on paintwork, wash off immediately with water. To protect the environment, dispose of any unused product in a safe manner or as advised by the Environmental Protection Authority.

FIRST AID: If poisoning occurs contact a doctor or the Poisons Information Centre in Australia 131 126 or New Zealand 0800 764 766. If swallowed, do NOT induce vomiting. If in eyes, hold eyelids apart and wash the eye continuously with running water. If skin contact occurs, flush with running water.

Pack Sizes

Part No: NUBLUE-1
1 Litre - 6 Per Carton
Barcode: 9311090006164

Part No: NUBLUE-10
10 litres - Single Unit
Barcode: 9311090006171
