

FrogTape Painter's Masking Tapes help you achieve crisp, clean paint lines and save time and money by eliminating the need for touch-ups. Available in a variety of widths to accommodate any application, FrogTape is the sharp line solution for basic masking applications or advanced wall designs like stripes or geometric patterns.

1280 FrogTape Multi-Surface Masking Tape.

- * Professional grade painter's tape for most common paint applications.
- * Edge treated with patented Paintblack Technology for sharp paint lines.
- * Recommended for use on cured painted walls, glass, metal, stone and unfinished wood.
- * Removes cleanly from most surfaces for up to 21 days.
- * Premium adhesion to help eliminate the need for touch-ups.
- * Supplied in a tape canister for clean, protected storage.
- * For interior and exterior use, medium adhesion, green colour.

Note: Always test surface for desired result, and remove masking tapes as soon as possible.
