

TRADESMAN GAS KITS

The BlueJet Gas Cutting and Welding Kits have been designed for general-purpose Oxygen - Acetylene/ LPG cutting, welding and heating applications. As with all gas equipment manufactured by CIGWELD, the items in these kits have been carefully designed to provide the highest quality performance and to ensure they comply with the stringent Australian Standards (where applicable). With a robust and purpose-built toolkit, all the equipment and accessories are well protected. These kits offer great value for the most discerning budget-conscious buyer.

Suitable for light to medium duty cutting, welding and heating:

- Kit conforms to AS4839
- Multi-fueled torch based on CIGWELD's original COMET 3 design
- Comfortable grip handle
- Tough, solid brass construction
- Excellent flame stability
- Flashback resistant mixer
- High flow oxygen cutting valve
- Torch profile gives excellent job visibility
- Ideal for the tradesman, contractor, and handyman
