Product Information Document

Overview

Customer Facing Name:	Tapered Uncorded Earplugs 200PK
Material Number:	48733007

Product Overview

Our Uncorded Tapered Earplugs are designed to keep you comfortable all day on the jobsite. These tapered earplugs are constructed from soft, comfortable foam that expands quickly in your ear to form a secure seal, allowing you to protect yourself from potentially harmful noises. Additionally, they have a tapered shape that makes it easy for them to fit into your ear canal. These Milwaukee uncorded tapered earplugs are AS/NZS 1270:2002 certified and have an SLC80 Rating of 26dB (Class 5).
