

Nothing but **HEAVY DUTY.**™

Product Information Document

Overview

Customer Facing Name:	Banded Ear Plugs
Material Number:	48733201

Product Overview

Our Banded Ear Plugs are designed to provide you with all day comfort and versatile wear. The low-profile band allows you to adjust and pivot the band to a secure position while being worn. The band can adapt to comfortable, interchangeable foam or flanged earplugs. These banded earplugs are certified to AS/NZS 1270:2002 and have a SLC80 Rating of 20dB (Class 3)

Features and Benefits

Lightweight and Flexible for all-day comfort with versatile wear.

Low Profile Band allow for more comfortable wear when needing to work in tight spaces and wear additional safety gear such as hard hats and masks.

Certified to AS/NZS 1270:2002 and SLC80 Rating of 20dB (Class 3)

The band can be adapted to be more comfortable with interchangeable Foam or Flanged Ear Plugs

Banded Design Assists with Hygiene - Users can avoid direct contact with inner ear plugs

Adaptable design for 3-Point Wear
