

Nothing but **HEAVY DUTY.**™

## Product Information Document

### Overview

Customer Facing Name:	Cobalt AlCrN Step Drill Bit 4-20mm
Material Number:	48899372

### Product Overview

The Milwaukee Cobalt Step Drill Bits are engineered with a Cobalt Base Material and Aluminium Chromium Nitride (AlCrN) coating for 10x more life vs. Milwaukee standard step drill bits. Featuring the RAPID STRIKE™ Tip helps provide accurate starts without walking whilst generating less heat for faster penetration. For increased accuracy and convenience, easy stop, laser etched identification and a durable 3-flat SECURE GRIP™ shank helps maximise performance from application to application. Made in the USA with global materials, Milwaukee's Cobalt Step Drill Bits are optimised for low speed use in stainless steel and high speed use in mild steel.

### Features and Benefits

Delivers up to 10x life in Stainless Steel vs. Standard Step Drill Bits

RAPID STRIKE™ Tip provides fast, accurate starts whilst generating less heat and 2x faster holes

Easy Stop, Laser Etched Identification for added user convenience and accuracy with marks you can see while drilling

Durable 3-Flat SECURE GRIP™ Shank design secures grip and prevents slipping in the chuck

Made in USA

### Specifications

Base Material	Cobalt Steel
Coating	Aluminum Chromium Nitride (AlCrN)
Shank	3-Flat SECURE GRIP™ (8mm)
Number of Steps	10
Increments	4, 6, 8, 10, 12, 14, 16, 18, 19, 20mm
Length	62mm
Warranty	3 Month Warranty

### Product Includes

(1) Cobalt AlCrN Step Drill Bit 4-20mm

### Shipping Specifications

EAN	045242603862
Weight	0.220kg
Master Carton	1
Dimensions	125 x 30 x 150mm
