Overview Customer Facing Name:	Blower Gutter Attachment Set
Material Number: Product Overview	49162790
	The Blower Gutter Attachment Set is designed to meet the needs of the landscape maintenance professional for quick, safe gutter clearing. For use with both the M18 FUEL [™] Blower (M18FBLG3) and M18 FUEL [™] Dual Battery Blower (M18F2BL), users can utilise up to four tubes to extend clearing power to over 2.5 m high. The threaded connection between these tubes provides fast, secure adjustments, while the elbow rotations can be adjusted 360° for users to optimise the angle for their situation, providing efficient airflow to remove debris.
Threaded connection provides fast, s	owing users to clear single story gutters
360° elbow rotations for optimised ai For use with M18 FUEL™ Blower (M 4x extension tubes allow users to ad Specifications	rflow to remove debris in gutters I18FBLG3) and M18 FUEL™ Dual Battery Blower (M18F2BL) via included adaptors just length to suit their needs
360° elbow rotations for optimised ai For use with M18 FUEL™ Blower (M 4x extension tubes allow users to ad Specifications For Use With	rflow to remove debris in gutters 118FBLG3) and M18 FUEL [™] Dual Battery Blower (M18F2BL) via included adaptors just length to suit their needs M18FBLG3; M18F2BL
360° elbow rotations for optimised ai For use with M18 FUEL™ Blower (M 4x extension tubes allow users to ad Specifications For Use With Assembled Length	rflow to remove debris in gutters I18FBLG3) and M18 FUEL™ Dual Battery Blower (M18F2BL) via included adaptors just length to suit their needs
