

BR610BK

FOLD-DOWN ANTENNA MOUNTING BRACKET

4 LEVELS OF ADJUSTMENT

Theres an Oricom for Everyone.

The BR610BK Folding Bull Bar Mounting Bracket offers a convenient solution for collapsing long UHF CB or mobile phone antennas when needed. Designed for compatibility with standard bull bar tabs featuring a 16mm hole, this versatile bracket can be folded into four different positions. The bracket remains securely in place thanks to a robust spring-loaded locking pin.
