# C&M GRADER BOARD FORWARD FOLD 40'

## Australian Made & Owned

Designed in Collier & Miller's state-of-the-art engineering workshop in Griffith, New South Wales.

Our innovative Folding Grader Board offers significant advantages over the standard rigid model. With fully hydraulic operation directly from the cab, it allows for quick and easy setup between transport and working modes, making it perfect for shifting between bays.

### Hydraulic Operations from Cab

Making setup between transport and working modes more efficient

### Folds to under 3.5m

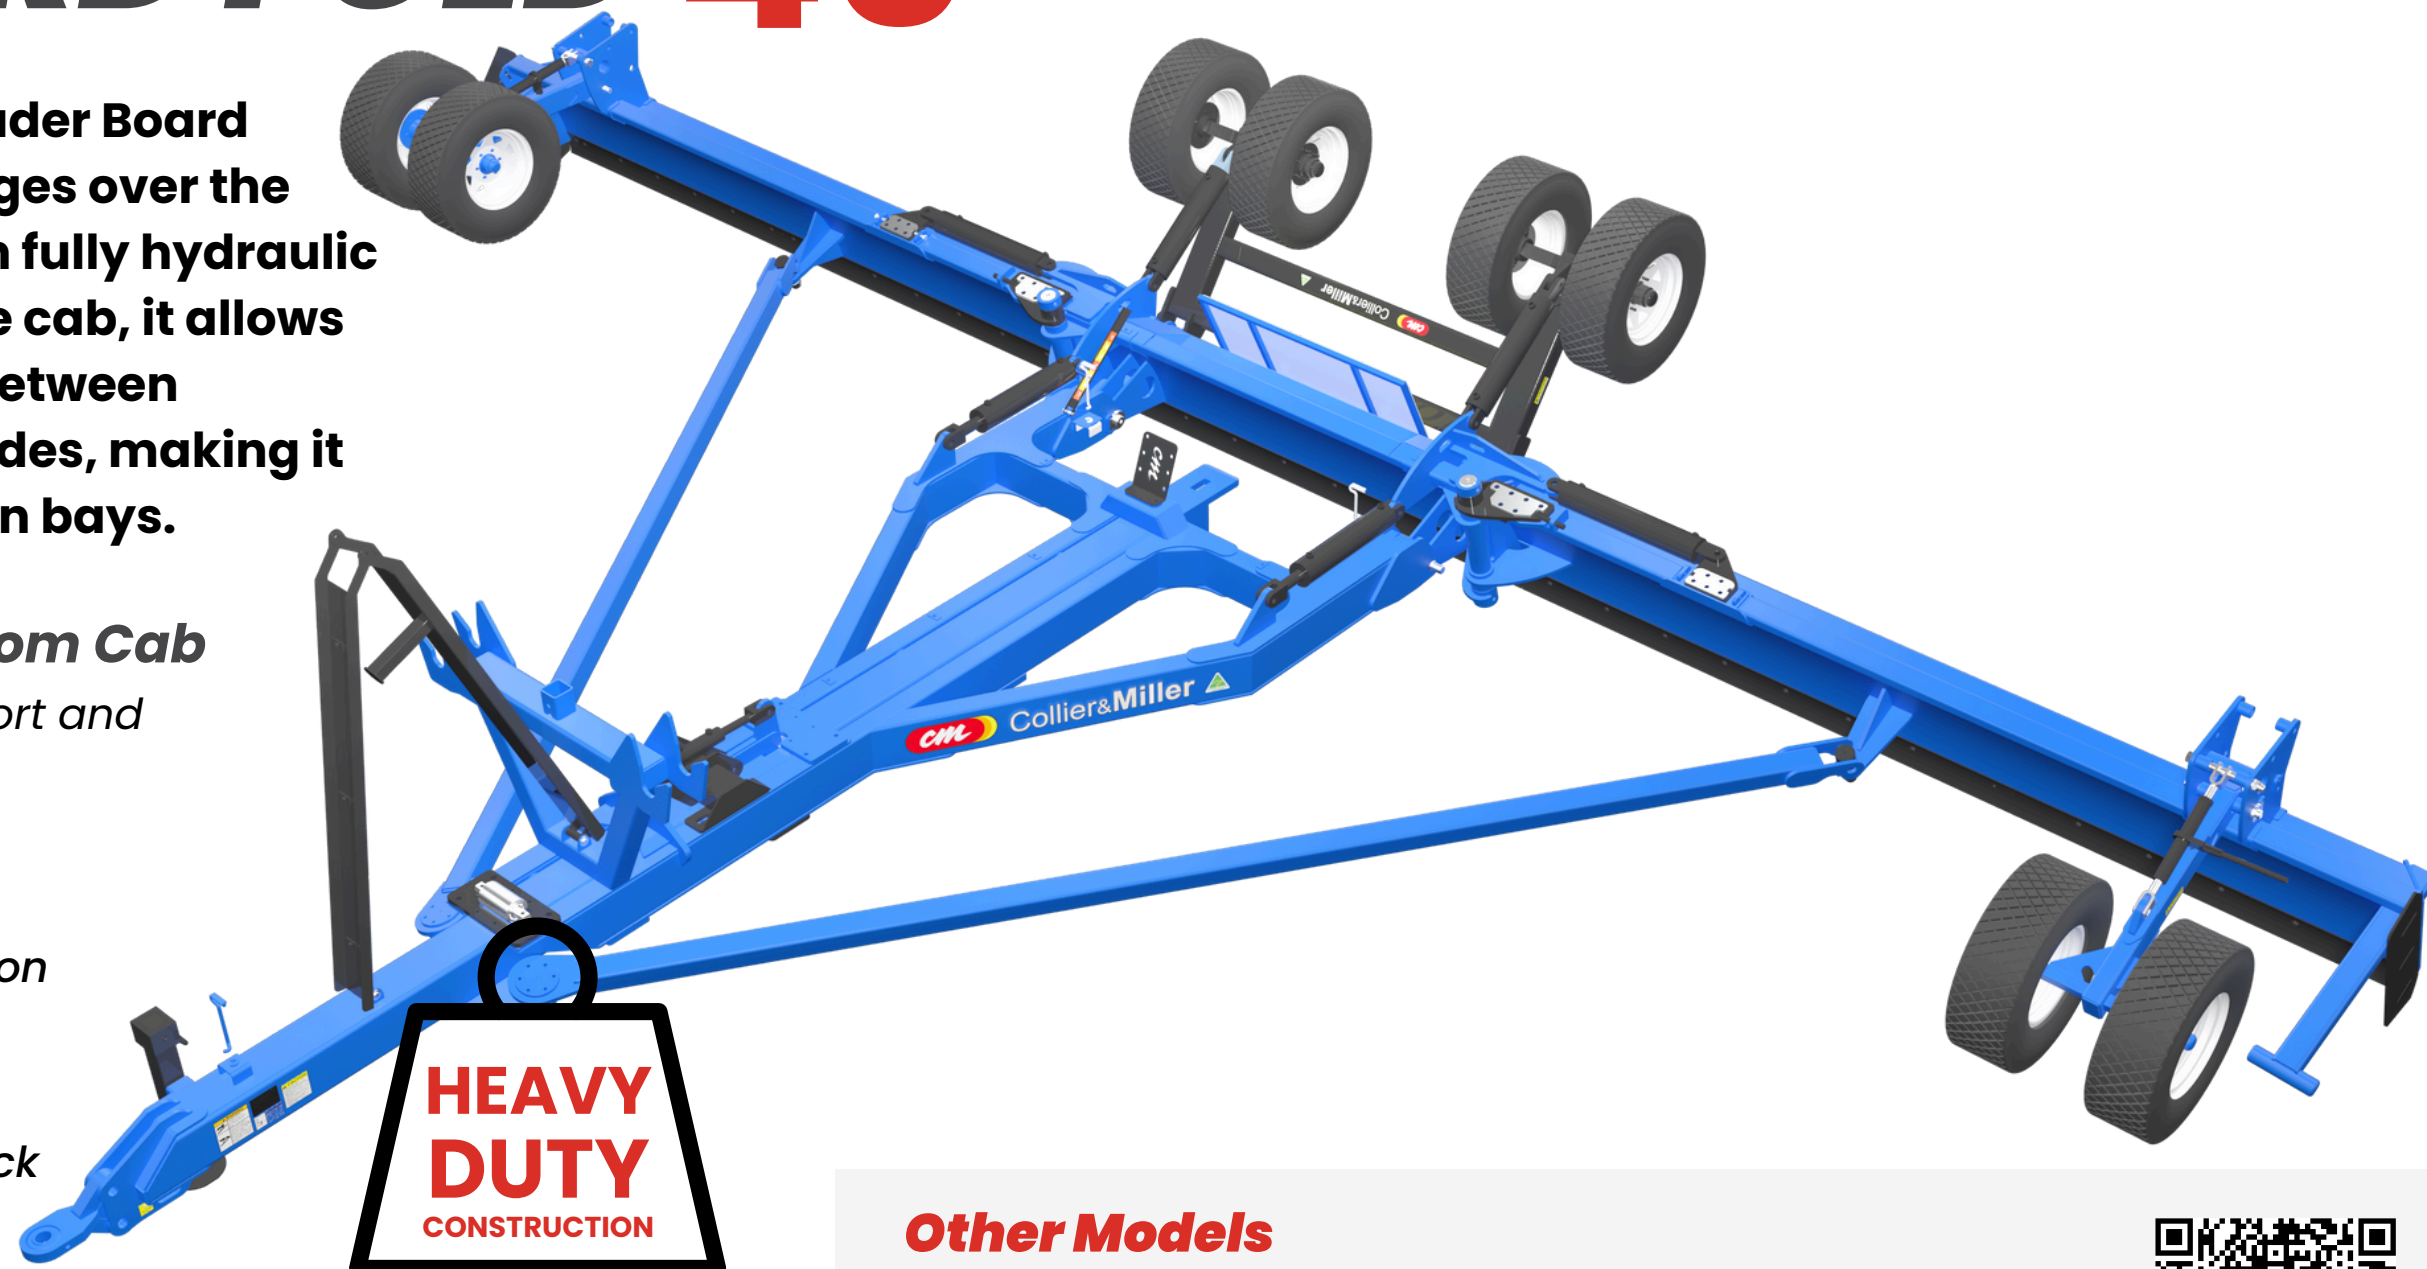

For easy on-road transportation

### Depth Wheels

Usable from either front or back

### Powder Coated Finish

In Collier & Miller Pommel Blue for corrosion resistance and durability

To deliver results  
day after day,  
year after year

### Other Models

Also available in 35' or 45' widths or in our standard Rigid Design.  
Custom designs and additions available
