

NEW PRODUCT RELEASE

CRL280LED SERIES LED COMBINATION LAMPS

Description

The CRL280 series is the next generation in multifunction rear combination signal lamps.

Delivering highly styled optics and unique lens design, this series provides a fully compliant rear lighting solution for stop, rear position, direction indicator, reverse and reflector functions.

Constructed with a polycarbonate lens and heavy duty smart clip base with multiple mounting points, the CRL280 series is designed for high reliability and performance. Suited to OEM and commercial vehicle applications.
