

ADVENTURE

Dual Purpose

Starting & Deep Cycling Power

Enirgi's D2000 Adventure range of dual purpose batteries are built to endure any camping, boating or 4x4 adventure Australia wide! The harshest of conditions are handled with Enirgi's vibration resistant design and maintenance free convenience.

X-Frame Grid technology, a sealed double lid with flame arrestor and a reinforced container provide deep cycling energy with ultra-dependable starting power. Trust Enirgi's design, durability and power for your next adventure!
