- **Boil dry protection** – automatically turns off the coffee machine if there is not enough water

Advantages

QUALITY

Durable construction ensures reliable performance in demanding environments

COMPACT

Compact and portable design makes it perfect for job sites or outdoor activities

VERSATILITY

Compatible with both **12V max CXT** and **18V LXT** Lithium-Ion batteries

THE LXT ADVANTAGE

4 key components make up our LXT® Advantage, providing you with the most advanced, dependable 18V tools on the market. Our fast-charging batteries, rapid optimum chargers, industry leading motors and our STAR Protection computer controls make each and everyone of the world's largest 18V range of tools the best option for the job, no question.

THE CXT ADVANTAGE

CXT® is the next generation in 12-volt max cordless tools. 12V max CXT® gives users a more compact solution with more comfort and more capacity.

The slide style lithium-ion batteries provide superior ergonomics and comfort and allow go-to tools like the impact driver and drills to stand up on their own for added convenience.

Select 12V max CXT® tools are equipped with efficient brushless motors for longer run time, increased power and speed, and longer tool life.

For even longer run time, the expanding 12V max CXT® platform includes an efficient 4.0Ah battery

Pure convenience

It doesn't matter if you are in the middle of no where or on a busy jobsite, the DCM501Z delivers freshly brewed coffee right to you. No need to wait in line, rush off the jobsite or start up the campfire when you can have a slow drip premium brewed coffee in 4 minutes when power by the batteries of the world's largest range of power tools, 18V LXT batteries.
