18V LXT 500mm Hedge Trimmer

LXT

DUH507

Product Statement

The 18V 500mm Hedge Trimmer is a compact, lightweight unit designed for convenient home use shaping small to medium sized hedges and shrubs. Weight has been reduced by replacing the steel guide bar with aluminium.

Designed for optimum efficiency, the DUH507 provides impressive runtime of 154 minutes on a 6.0Ah battery, meaning more time to enjoy your perfectly manicured yard. Double reciprocating blades operate at 2,700 strokes per minute for fast smooth cutting and the blunt tip extensions are tapered to guide branches towards the tooth openings.

Operation is made safer with the multi-position front handle switch to allow for a comfortable position of use while ensuring 2 hands are on the unit.

Product Overview

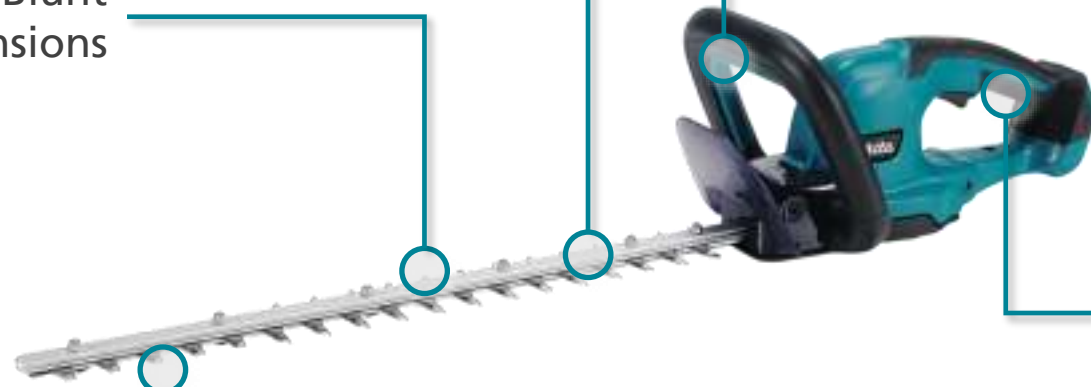

Lightweight Aluminium
Guide Bar

Tapered Blunt
Extensions

Multi-Position
Front Switch

Ergonomic Rear Handle

Dual Reciprocating
Blades

Strokes per minute	2,700
Blade length	500mm
Continuous runtime	154 minutes (BL1860B)
Max branch diameter	15mm
Noise	74dB
Overall length	925mm
Skin weight	2.4kg
Weight (with Battery) BL1860B	3.0kg
Voltage	18V

- **Lightweight Design** – compact design and aluminium guide bar reduces overall weight for comfortable use over long periods.
- **Tapered Blunt Extensions** – provide safety to avoid accidental cutting into the user and direct branches and twigs into the cutting area.
- **Dual Reciprocating Blades** – operate at 2,700 rpm for fast effective cutting through small branches and leaves.
- **Ergonomic Rear Handle** – curved rear handle provides a comfortable grip for the user and the large trigger is depressed with minimal force.
- **Multi-position Front Handle Trigger** – can be gripped from a range of angles to allow the user to rotate the unit to cut either horizontal or vertically.
- **Low Battery Indicator** – blinks to alert the user the battery is low on power; remains red when battery is empty or the tool is overloaded or overheated.
- **Electric Brake** – quickly stops the blades from moving once one of the triggers is released.

Convenience

Front handle switch can be depressed from multiple angles for ease of use

Efficiency

BL1860B provides 154 minutes of continuous runtime

Functionality

Tapered blunt extensions direct branches into the cutting area

Ergonomics

Large trigger switch and curved rear handle provide comfortable use for long periods
