REMOTE TANK MONITOR

EQUIPCO®
INNOVATIONS IN FUEL HANDLING

www.equipco.com.au

ONE ACCOUNT MULTIPLE FUEL TANKS

Monitor your assets with ease under one account

DAILY CONSUMPTIONS

Ability to see what day or week you consume the most. Showing levels over the 3, 7 or 30 day range.

GPS LOCATIONS

Moving your tank? It won't be an issue, the app will give you the exact location with coordinates and quick preview of the fuel tank

RECEIVE ALERTS

Set an increase or decrease fuel level threshold at any desired percentage. Multi user alert via email or text messages or both.

Not only does it provide tank level reporting, but it also has the ability to link via API to a

SMART SCHEDULING TOOL FOR FUEL DELIVERY SUPPLIERS.

NO TIME TO MANAGE?

NO WORRIES, AS DATA CAN BE SHARED TO MULTIPLE PEOPLE OR TO YOUR FUEL DELIVERY PROVIDERS TO HELP YOU TRACK AND MONITOR YOUR FUEL.

SIMPLY ADD THEIR PHONE NUMBER OR EMAIL ADDRESS TO RECEIVE ALERTS.

WEB PORTAL

Monitoring multiple tanks can be challenging, web portal is your best friend to track your assets efficiently now in a bigger screen.

SIT BACK AND LET OUR SMART TANK GAUGE ELIMINATE THE GUESSWORK FROM YOUR ESSENTIAL FUEL SUPPLY MONITORING.
