

Nothing but **HEAVY DUTY.**™

## Product Information Document

### Overview

Customer Facing Name:	Rotary Laser Wall Mount
Material Number:	LWM

### Product Overview

The MILWAUKEE® Rotary Laser Wall Mount is a versatile laser attachment that provides a secure mounting point where users can easily mount lasers on flat, horizontal, or vertical materials. The wall mount allows users to easily mount onto walls, columns, and ceilings with a strong secure grip. This Wall Mount features a precise vertical adjustment that makes aligning horizontal lines quicker. The Rotary Laser Wall Mount also features an integrated screw and nail hang hole to mount on different materials. The Rotary Laser Wall Mount is equipped with a 5/8"-11 mounting thread and is compatible with all MILWAUKEE® Rotary Lasers.

### Features and Benefits

Compatible with Milwaukee Rotary Lasers, M12™ Lasers and other lasers with a 5/8"-11 thread
Vertical material clamp allows for quick and versatile set-up on walls, I-Beams, ceiling trim, and columns (horizontal and vertical mounting)
Allows users to adjust the angle of the laser in both horizontal and vertical orientations to get laser in self leveling range
Dial for vertical adjustment allowing the user to set laser and adjust for precision alignment
Utilises SAE and metric quick reference marks
Gives user a form of measurement to speed up setup and adjustment process
