M908 -Adjustable Tap Wrenches - Bar Type -Sutton Tools

Sutton Tools Bar-Type Tap Wrench is designed to suit Sutton Tools range of hand taps. It has long handles for better balance and control and is constructed to withstand the torque applied during the tapping operation. Bar-Type Tap Wrenches are the recommended choice for driving hand taps to produce quality threads.

Features:

- Constructed to withstand the torque applied during the tapping operation
- Long handles for better balance and control
- Adjustable holder secures the cutting tool perfectly square
- Made from tool steel, hardened for long life
