

40V Max Digital Bluetooth Jobsite Radio

HEAVY DUTY BRUSHLESS

MR007G

Digital Bluetooth Jobsite Radio

The MR007G delivers great sound in a compact size, and is equipped with Digital DAB+ radio and Bluetooth to wirelessly connect your mobile device to play music. It has one auxiliary port for MP3 compatibility, and delivers rich stereo sound from two powerful 3" side-firing speakers and a powerful 25W subwoofer.

The MR007G is engineered to stand up against harsh job site conditions with protective bumpers, and features dust and water resistant construction for increased durability, giving it an IP65 rating.

Product Overview

Product Specifications

Continuous runtime	40V Max 4.0Ah: 19 hours 18V 6.0Ah: 20 hours
Practical max. output	40V Max: 5W x 2 + 25W 18V: 5W x 2 + 25W
Frequency band	FM:87.5 -108 / DAB+
Bluetooth range	Max. 30m, Optimum 10m
Overall length	285mm
Skin weight	5.3kg
Weight (with battery)	6.3kg (BL4040)
Voltage	40V Max, 18V, 12V Max or AC Power
Compatible batteries	BL4025* / BL4040* / BL4050F *Recommended

- **Carry handle with built in FM antenna** – FM antenna has been redesigned and built into the handle. Simply raise the handle to boost radio signal
- **Durable design** – robust design with high-grade aluminium diecast guard
- **Digital audio & Bluetooth** – capable of receiving DAB+ radio and wirelessly play music from your mobile device with a maximum range of 30m
- **USB Output port** – allows for charging a mobile device at 2.4A
