

# Nitrogen Purging Regulator

These nitrogen purging regulators are the economical alternative offered by CIGWELD for the Refrigeration and HVAC industry. They have been purpose designed for testing (up to 3,800 kPa) and purging of refrigeration

and air-conditioning systems. Manufactured by Victor, these regulators offer excellent quality and performance that meets CIGWELD's stringent engineering standards.

## Features

- Strong, robust construction
- Pressure relief valve (PRV) to protect against over pressurisation of downstream equipment
- 'T' screw gives positive precise adjustment
- Designed and manufactured by VICTOR®

### GAS TYPE

**Gas Type** Regulator is designed for use with Nitrogen gas only\*

### WARRANTY

**1 Year Warranty** This equipment is manufactured to stringent CIGWELD quality standards and is backed by a conditional One Year warranty\*

\* Refer to operating manual for details

## Nitrogen Purging Regulator Specification

Part No.	Gas	Max Outlet Pressure (kPa)	Rated Air Flow (l/min)	Gauge Range (kPa)		Connections	
				Inlet	Outlet	Inlet	Outlet
310349	Nitrogen	3,800	1,700	28,000	4,000	AS2473 Type 50	1/4" 37° Flare (24x2mm Whit Form RH Int)
