

BOSTON ADHESIVE SPRAY

Description

Boston Adhesive Spray is a synthetic rubber based multipurpose spray glue for home, school and art & craft use. It also provides strong long-lasting adhesion on many industrial, automotive & marine materials. It has a high bond with a quick tack/ drying time. It can be used for permanent bonding on rigid and flexible substrates.

Application

Use on fabric, leather, vinyl, paper, photo paper, cardboard, felt, plasterboard, timber, plastics, rubber, MDF, plywood, particle board, steel, aluminium.

Specification

Base - Synthetic rubber, Propellant – Hydrocarbon

Directions

Shake can before use. Hold can at a distance no less than 15 cm from surface. Depress nozzle and apply adhesive with a sweeping motion on each surface. For porous surfaces, press together immediately after spraying. For non-porous, allow adhesive to dry for 1-2 minutes and then press together. The degree of strength is dependent upon amount of adhesive applied. More resilient bonding will be achieved with higher application weights.

Disclaimer

CW Brands Pty Ltd believes that the information in this technical data sheet is an accurate description of the typical uses of the product. The data and statements are based on our research and development work and is to the best of our knowledge true and accurate. The user must ensure of the product(s) in their application prior to use in particular to determine its performance, efficiency and safety. The use of this product is beyond the manufacturer's control, and liability is restricted to the replacement of material proven faulty. The manufacturer is not responsible for any loss or damage arising from incorrect usage. Products conform solely to the information contained in this and other related CW Brands Pty Ltd publications.

CW Brands Pty Ltd reserves the right to make changes to specifications and information related to the products at any time. Users are asked to check that the literature in their possession is the latest issue. Statements contained herein should not be considered as a warranty of any kind, expressed or implied in describing the performance or suitability of the product for a particular application. No liability is accepted for infringement of any patents or any other intellectual property right.

Surface Preparation

All surfaces must be clean, dry, sound and free of dust, oil or contamination.

Packaging

350-gram aerosol can
12 units per outer carton
864 half pallet
1728 full pallet

Shelf life

Shelf Life approximately 12 months at 20°c

Health & Safety

Boston Adhesive Spray classifies as hazardous according to criteria of Worksafe Australia. It is highly flammable. Keep away from sources of ignition. Do not inhale vapour. Ensure good ventilation in area of use.

Limitations

Test before use on all plastics and rubber.

First Aid
