Quality Hose Reels

INTRODUCTION

Thank you for purchasing the Retracta R3 retractable hose reel.

PLEASE READ THIS SAFETY INFORMATION CAREFULLY BEFORE USE.

Read and retain this instruction manual to assist you in the operation of your new product.

'CAUTIONS' are listed throughout this manual to advise of actions that may cause damage to you're the operator or to the equipment.

CAUTION

The following general warnings should be observed when installing, operating or maintaining hose reel equipment. Further specific warnings pertaining to specific dangers may be found within this document

- * Do not exceed the maximum working pressure for this reel. (Refer to the product specifications)
 - * Check equipment daily for wear or damage. (Replace worn or damaged items immediately with genuine replacement parts).
 - * Check equipment daily for leaks. (Repair or replace as required)
 - * Only use compatible fluids with this reel. (Refer to compatible fluids in product specifications)
 - * Use equipment for intended use only.
 - * Operator should wear appropriate protection equipment to protect against personal injury .
 - * Do not attempt to stop leaks with your hand or body.
 - * Caution should be observed against burning due to hot water teperature when using hot water reels.
 - * Do not alter or modify equipment.
 - * Use reel in well ventilated areas if toxic or flammable fluids are in use
 - * Do not let go of the hose when rewinding.
- Before attempting any maintenance disconnect and turn off supply line, then release the line pressure.**

Note,

This is not an exhaustive list of hazards and warnings. All care should be taken to maintain safe working procedures when installing, operating and maintaining the equipment. It is recommended that only trained professional trades people with the appropriate working knowledge of such equipment be charged with its installation and maintenance.
