

PORTABLE FUEL TRANSFER SYSTEMS

The Macnaught Fuel Tank Kits are the only complete package backed by a 5 year warranty on the market. Constructed using the highest quality, specially formulated polyethylene to withstand the harshest conditions, they are a lightweight yet sturdy fuel storage solution.

Designed with numerous safety features including auto shut-off nozzles to prevent fuel spillage, an earth strap to prevent the build-up of static when the tank is in use and 3 lock security points.

Together, these features provide the operator with peace of mind when refuelling.

MINI DIESEL TANK KIT
