

FOODLUBE® CHAIN SPRAY

Food Grade, Multi-Purpose, Chain & Conveyour Lubricant

Description:

ROCOL® FOODLUBE® Chain Spray is a non-toxic, water-resistant lubricating aerosol designed primarily for the effective lubrication of all types of chains & conveyors operating in food, pharmaceutical and other clean environments.

FOODLUBE® Chain Spray is an excellent all-round lubricating fluid containing additives to boost performance and improve adhesion. It also offers excellent water wash off resistance and corrosion protection necessary for lubricants used in food, pharmaceutical and other clean environments.

Intended Use:

- Food
- Pharmaceutical
- Chains
- Conveyors
- Hoists
- Pins & Links

Product Features:

- **DETEX – Metal detectable cap & actuator to reduce risk of plastic contamination.**
- **Offers a wide temperature resistance of -20°C to +150°C (180°C for short periods)**
- **Exhibits excellent penetration and load carrying properties ensuring that the product lubricates and protects inside rollers, links, pins etc.**
- **Highly resistant to water wash off and offers excellent corrosion protection.**
- **Excellent oxidation stability resulting in extended relubrication intervals and a reduction in lubricant usage.**
- **Does not contain mineral hydrocarbons, animal derived materials, nut oils or genetically modified ingredients.**
- **Manufactured from FDA listed ingredients -FDA Group 21 CFR 178.3570.**
- **NSF H1 registered**
- **Halal & Kosher certified**
- **Vegan registered**
- **MPI Approved for farm dairies & dairy processing**
- **MPI Approved C15 (All animal products except dairy)**

Typical Physical Properties:

		TEST METHOD
Appearance	Pale yellow, almost colourless, liquid	
Base Type	Polyalphaolefin	
Propellant	Hydrocarbon	
Additives	Tackifiers	
Base Fluid Viscosity at 40°C	150 cSt	ASTM D445 (IP71)
Temperature Range Continuous	-20°C to +150°C	
Temperature Range short periods	Up to 180°C	
4 Ball Weld Load	180kg	IP239 - ASTM D2596

Technical Data Sheet

10th January 2023

Application Instructions:	Shake well before use. Hold can upright and spray from a distance of 15 to 30cm. Use only as directed.
Storage:	Store in dry conditions below 50°C, away from sources of heat and naked flames. Protect from frost. When stored in original sealed containers, the minimum shelf life is five years.
Precautions:	Aerosol spray is pressurised, handle according to instructions on label. Avoid breathing vapour or spray mist. Provide adequate ventilation in confined spaces. Avoid contact with skin and eyes. Follow first aid measures according to the Safety Data Sheet.
Warranty:	Rocol will replace any material found to be defective. Because the storage, handling and application of this material is beyond our control, we can accept no liability for the results obtained.
Disclaimer:	All information on this data sheet is based on laboratory testing and is not intended for design purposes. ITW Polymers & Fluids and Rocol makes no representations or warranties of any kind concerning this data.
Order Information:	400ml Aerosol RY15610
Health & Safety Information:	For Health & Safety information, refer to Safety Data Sheet available from ITW Polymers & Fluids upon request or available on our website www.rocol.com.au or www.rocol.co.nz
